

Smart Chime

OPERATING INSTRUCTIONS

Congratulations on purchasing the "**SMART CHIME**". Smart Chime is an innovative Door Bell, which informs you about,

1. The arrival of your guest.
2. The needs of your pet.

Before you can use this appliance, read through the following manual.

CHECK LIST

Please open the package and check to see if the following components are in the package. Also check for any apparent damage to the parts in the package.

Please call **1-888-ERGOSYS** or E-mail to **contact@autopetfeeder.com** if you need any assistance.

COMPONENTS

1. Door Chime
2. Pet Switch Bracket
3. Pet Switch
4. Door Switch

OPERATING INSTRUCTIONS

INSTALLATION

1. The Pet switch usually is kept inside the house either on the floor or installed on the wall just above the floor. The pets can either use their paws to press the switch or their noses to activate the chime. The Smart Chime Unit can be placed anywhere inside the house. When the chime works the chime will signal you that there is someone at the door or your pet is calling for you.

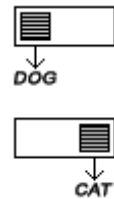

2. The Door switch is installed outside your main door.

SOUND MODES

Smart chime has three in built sound.

1. **Musical bell** - when **Door Switch** is activated.
2. **Barking sound** - when **Pet Switch** activated with sound, "**DOG**" mode is selected.
3. **Meowing sound** - when **Pet Switch** activated with sound, "**CAT**" mode is selected.

TESTING THE UNIT

1. Your pet has to be trained to press the large convenient button to signal you about their needs to go out.
2. By activating the Door Switch you should hear the musical chime and similarly barking and meowing sound when you press the Pet Switch with the appropriate sound selection.
3. The unit is Effective within 100 feet radius.

MAINTENANCE

1. The Smart Chime does not require any maintenance. You need to just replace the batteries as necessary.
