## Picture

- **Digital Quality Picture Capability<sup>1</sup>**  
Digital compression technology provides sharper, clearer images for a sensational entertainment experience.

## Sound

- **Digital Audio Performance Capability<sup>1</sup>**  
Allows consumer to enjoy DIRECTV<sup>®</sup> programming with digital audio performance.
- ▶ **Dolby Digital<sup>2</sup> Sound Capability**  
Dolby Digital<sup>2</sup> (when available) provides six independent soundtrack channels through the optical output jack. When connected to an optional, compatible six-channel amplifier/receiver and speakers, these connections provide Dolby Digital<sup>2</sup> Surround Sound.

## Convenience

- **Accelerated 32-Bit Processor**  
The accelerated performance allows immediate access to all the new interactive features.
- **On-Screen Program Guides**
  - Advanced Program Guide™ **<NEW>**  
The new guide stores up to 7 days of programming information. Search the ENTIRE channel guide while viewing an active channel in the picture window. Provides channel and program title information for seven different channels covering up to a two-hour time window. Arrows help indicate programs starting before or ending after the current time shown on the grid.

- Information Guide  
Lists five different channels of programming at a glance. Details on the current highlighted program are displayed in a banner at the top of the screen with an active channel in the picture window. Program information changes automatically as the consumer navigates through the guide and highlights different programs.

- **DIRECTV INTERACTIVE™**  
**powered by Wink Communications®<sup>4</sup>**  
An interactive television service that lets you use the enclosed remote control to access up-to-the-minute news, sports, financial information, weather, get program trivia, respond to free offers and shop, all while you watch TV.

- **Interactive Channel Banner**  
The translucent, see-through Interactive Channel Banner gives direct access to the key features of the DIRECTV System.

- Viewing Suggestions **<NEW>**  
This intelligent feature presents a list of recommended programs based on the Topic and Theme category of previously viewed programs by the consumer. The consumer has the ability to view the suggestions, disable or enable the Viewing Suggestion feature's learning capability, and to edit the Topic and Theme categories manually.

- ▶ **On-Screen Caller ID Display Capability<sup>5</sup>**  
View and store Caller ID information provided by your local phone company. With this feature you can view time and date of each incoming call, log up to 20 incoming calls sequentially and know who called while you were away.
- The Guardian™  
With this feature, parents have the ability to lock out specific channels and set rating and spending limits. They will be able to set specific viewing times for both the weekdays and the weekends.
- Scout™  
The Scout feature searches the entire program guide to find matches to eight key words or phrases that you enter. Great for keeping track of your favorite movies, sports teams, actors and actresses!
- AlphaSort™  
The AlphaSort feature allows you to sort the current guide alphabetically, starting with any letter you choose. Go directly to any listed show with the push of one button or you can save directly as a Scout™.

- **16-Event Scheduler**  
Allows you the ability to program your receiver to turn on, tune to a specific channel, and turn off at a pre-set time.
